BOARD OF REVENUE EXCISE—MADRAS 29 JAN 1942

Enclosures: Rc. No. 2832/40-B dated 25-1-1942 194

Sir,

1496

Establishment - Headquarters Assistant Inspectors To be responsible for certain areas - Cashew duty - Kasargode circle - Orders - Solicited.

The Assistant Commissioner, West Coast enquires as to who is to attend to the preventive operations in Puthur taluk of Kasargode circle during the coming cashew season. According to Board's resolution D.No.246-Abk./41 dated 6-2-41, the headquarters of the Assistant Inspector, Kasargode had been shifted to Puthur during the last cashew season. Under the scheme of making the headquarters Asst.Inspectors responsible for certain areas of the circle, ordered in Board's resolution R.No.2034-Abk./41 dated 23-9-41, the whole of Kasargode taluk which is round about the headquarters of the circle, has been placed in charge of the Assitant Inspector. He cannot, therefore, move over to Puthur during the coming cashew season, unless the arrangement is held in abeyance during the cashew season, the Assistant Inspector being sent to Puthur as was ordered last year.

2. I may in this connection point out that in almost a similar case of special duty in Nanguneri circle during the T.T. season, the Board considered that there is no reason for the Special duty to be concentrated in the hands of an Asst.Inspector, as it is part of ordinary preventive work; and accordingly ordered in resolution D.No.2582-Abk. dated 30-11-41 that the special scheme will apply to Nanguneri circle also. On the same analogy, the special scheme could continue to work in Kasargode circle also, the Inspector who is in charge of the Puthur taluk attending to preventive operations in Puthur taluk during the coming cashew season. But on the other hand, there is much difference between the two special duties. As between the two alternatives, viz. that of sending the Assistant Inspector on special duty to Puthur and getting the Inspector to attend to the cashew arrack work in Puthur, the former is preferable to the latter from the point of view of control of crime, since the Inspector's quarters will continue to be in Kasargode and he will have office work also to attend to. The results which the Inspector may be able to achieve may not be so good, as those which could be achieved by one specially posted to Puthur for tackling cashew arrack crime in the taluk. However, if the Asst Inspector is sent to Puthur, the recent arrangement as ordered as per Board's resolution R.No.2034-Abk./41 dated 23-9-41 will have to be disturbed. It seems to me that we may risk disturbing the allottment of work between the Asst.Inspector and the Inspector during these months, rather than risk an imperfect control over the cashew crime. I solicit the orders of the Board in the matter.

K Narayanan.
27-1-42

For Deputy Commissioner.

[C.R. 1496 9/42 xB]

Estt. - APs put in charge of portions of circles - application of scheme to ~~Cashewnut~~ AD in Kasaragod circle during Cashew season - Orders passed

pcy

Read from the DC. SDiv. RC2832/40 δ25.1.42

Resolution.

The allotment of work to APs outlined in BPR 2036 9/41 δ 23.9.41 is not meant to be inelastic. The DC can certainly make such changes as he finds necessary for better administration. The scheme of putting APs in charge of portions of circles

was intended solely to train ARPs more effectively to make them competent to handle a circle.

2/ ~~The AP Kasaragod circle~~, should, during the cashew season, Concentrate on Perlam Taluk and and the Inspector should attend to the whole of the Kasaragod circle including the area assigned to the charge of the IO under the orders issued vide RP R 2016 A/41.

Con 1/62 1/2/62.
